[Back On Top](#)

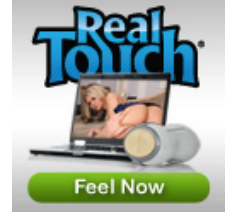

[Cassie Blanca](#) is Back On Top, a hot and heavy hardcore XLGirls pictorial and video. In the opener, [Cassie](#) provides some helpful instruction and shows off her fullsome figure in a tight pink dress. Then a helpful stunt-cock provides the tubesteak lunch. One of the highlights of this video is [Cassie](#) in a nice piledriver position, having dick shoehorned into her upside-down box. "Before I did it, I didn't even know it existed. Basically, my head and neck are on the floor and the rest of my body is in the air and the guy is coming down like an oil drill." [Cassie](#) displays fine cocksucking skills as well. "I do get quite a few compliments on my oral skills," [Cassie](#) says. "I have an oral fixation. I'm always chewing gum, pen caps, straws, anything. Now I've made a part-time career out of my oral fixation and I'm a workaholic." Make that a sexaholic. Enjoying a variety of cock lenders in her videos and pictorials has changed [Cassie's](#) life. "I'm not afraid anymore. I was afraid of actually experiencing really good sex, or having toys or doing kinky things. Now I love having sex outside and I didn't before. I was always afraid of what people would think of me. But now it's like, 'Oh well.' If they don't like it I can't change it. I'm happier than I've ever been and I'm safe." Sounds like a liberated babe. Even tit-fucking was new to her until she started sexin' in front of the cameras. So welcome back, [Cassie Blanca](#). Let's roll the video and get the boobtastic action started!

Strawberry Slit

[Jade](#) doesn't just like strawberries because they taste good. "Eating strawberries turns me on because the taste reminds me of pussy. I love the way pussy tastes, especially my own. When a guy goes down on me and then comes back up to kiss me, it's like I'm sucking on a tart strawberry. And when I'm eating strawberries, all I can think about is a tongue snaking through my pussy lips. Sometimes it even gets me in the mood to lap up a juicy cunt myself. My sexuality is very strongly linked to my sense of taste. For me, a three-way where I'm eating pussy and getting mine eaten at the same time is pure orgasmic bliss. And of course, we'd eat plenty of strawberries when we're done."

[Anna Kay](#) developed at an early age and her tits could still be growing. "I go to a store that makes bras specially for bigger-chested women," [Anna](#) said. "I went from a DDD to an F without even realizing it. My bras just stopped fitting. So I went to the mall to get fitted and they told me that I was a 36DDD but those bras were just not fitting. Three women measured me at that size, but the bras were just not fitting me. So I had to keep on trying on bras until I found one that fit. And that's a 44F." John the bachelor gets to enjoy those big, phat titties and tight, wet pussy in this More To Fuck pictorial. [Anna](#) truly is more to fuck, more to tit-fuck. "This is the first feature film I've been in, and oh my gosh, it's awesome. I've had a blast. I was one of the women who were competing for the affection of a bachelor. It was like a reality dating show, and we were the contestants and we were doing what we could to win him over. I was just one of the girls who was trying to get his attention. I've met five other beautiful, big-breasted women and we've all been getting along great. They come from all different parts of the United States, and they have great personalities. I was a little nervous at first. The other girls made it a lot of fun for me. I think everyone just went with the flow and what we were feeling. And we just did what we felt was going to turn each other on, and it worked out just fine!"

"I think I'm more passive," says [Anna Kay](#), one of the hottest new girls to honor XLGirls with her plush body and heated sex talents. "I like the guy to take control. I like to be blindfolded and cuffed. Sometimes I like the guy to be rough, sometimes passionate. I like different things, not just the same old same old." What turns on this blonde hottie? "I really get off on seeing the guy's face, his expression and the noises he makes. If he looks really horny and turned-on, then it turns me on." What positions does she like? "All of them pretty much. Doggie, missionary, standing-up doggie, scooting down to the end of the bed so my butt is hanging off and the guy is holding my legs. I love oral. It's the best thing in the world when a guy eats me out the right way. If I ever tell a guy that I don't feel like having sex, that really just means he needs to eat me out first." [Anna Kay](#) rules!

"I lost my virginity when I was 22," says [Cassidi Jai](#), a newcomer. Her comments mirror what new arrival Kendra Grace also told us about having her cherry busted at 22. "I am only 24 now," [Cassidi](#) explained, "so I've only been having sex for about two years." Why did she decide to come to SCORE? "Because I have these huge boobs and a little waist and I thought this would be a fun way to make money while I am in college. And I like sex. And it's fun. I just want to enjoy it. You know what I mean?" You've already seen [Cassidi](#) fucking. What's her favorite way to please a cock? "I love blow jobs. I have a big-time oral fetish. A lot of girls think it's about the deep throat, but a lot of guys don't really care about that. I think it's about the rotation of your hand and how you actually use your tongue. Fortunately for me, I can work it and I can deep throat, so I am okay on all counts. You can be on your knees, on your back or even upside down. As long as you work your mouth and rotate your wrist the right way, you can get them off all sorts of fast." [Cassidi](#) has great tits. Praise them!

We applaud Allysa and [Kandi](#) for trying to be healthy and exercise. But the truth is, we don't want them to lose a pound. We want those plush bodies and huge tits to stay just the way they are. And apparently, so does this guy. He knows they're big girls at heart, and what their hearts really desire are delicious donuts and a big dick. He gives them what they want, and they give us what we want-a donut-munching threesome that ends with two pairs of glazed hooters.

Please give a warm XLGirls.com welcome to hot chick [Kendra Grace](#), here for the first time and hopefully more appearances in time to cum, and we mean cum. [Kendra](#) starts right off the snap with a pounding XXX sex scene, something we are seeing more and more these days. Less girls play shy for the first six months or the first year. They dive right into the good old hard stuff. [Kendra](#) knows what guys want and what they want is to get on her 40FF tits and get in her sweet pussy. "They're huge on the tit-fucking," says [Kendra](#). "My tits are one of the first things they notice about me, and they're always staring at them. They love to fondle my breasts and suck on them. At a moment's notice they're down to let me expose myself. They love it when I wear clothes that show off my cleavage. They're all about the boobs." She is a magnet for tit-fuckers. "That was actually one of my first sexual experiences with a man...titty fucking. We didn't have intercourse though. Even though I wasn't that big I still did the titty-fucking. But I felt like my chest was going to collapse. From that experience, I must've developed some muscles underneath my boobs that support my tits and make it so easy for me to tit-fuck now. Because now it's totally natural for me!" [Kendra](#) is our kind of woman! Next up: the video!

A Face To Kiss, Nipples To Suck

[A Face To Kiss, Nipples To Suck](#)

The best looking accountant in Detroit! Usually we think of accountants as hunched-over dudes with a big gut. [Sadie Berry](#) shatters that tired stereotype. Her hobbies are sex and gardening. She likes guys who are tall, dark and hung. "I tend to date the pool boy, the gardener, guys like that," says [Sadie](#). What, no accountants or bookkeepers? "I like pecs. I love nice pecs and shoulders. I always imagine what it would be like to be pinned beneath them." She likes to play with sex and food like whipped cream and chocolate. So along those lines, let's ask about something related to that. How did she lose her cherry? "The classic scene. Summer, love, backseat of a rusty Toyota on a warm night." Ask [Sadie](#) what's the worst thing in the world a guy can say to a girl. "No," says [Sadie](#). They can still build 'em in Detroit! Cars and brickhouses!

Boned for Breakfast

[Boned for Breakfast](#)

Breakfast is the most important meal of the day. It energizes you and refuels you after eight hours of fasting. The same can be said about morning sex. It's arguably the best time of day to fuck. That's why [Glory](#) orders room service. She wants to get her waffles, eggs and cock all at once so she can have the best day possible. "I need good, tasty things to fill my stomach and my pussy when I wake up so that I'm prepared for the rest of the day. And the room service at this hotel was excellent. They really catered to my every desire."
